

Cyprus Chiropractic Clinic

Our Special Offer To You!

Free Spinal Screening!

Have you ever wondered, “Can Chiropractic help me?” Dr. Cyrus will discuss your condition with you, find out what (if anything) has been done for your condition thus far and do several test appropriate for your condition. If you have had any testing done, bring in the reports and Dr. Cyrus will go over them with you. He will then make specific treatment suggestions and explain what will be accomplished by each treatment and why it can help relieve your condition.

Just like Medical Doctors use different medications, Chiropractors use different techniques, all Chiropractors are different. Dr. Cyrus is a second-generation chiropractor and has been practicing for over 33 years. Dr. Cyrus considers not only the physical, but also the chemical and electrical areas of the body to help regain balance so the body can heal itself. He uses multiple chiropractic joint and muscle-releasing techniques, along with acupuncture and nutritional counseling. Our goal is to give you information so you can make better health choices. Knowledge gives us choices!

**FOR YOUR “SPECIAL OFFER” SCREENING EXAMINATION CALL
